## PROCLAMATION

**WHEREAS**, Walt Czeskleba graduated from Montevallo High School in 1968; and

**WHEREAS**, He attended electronics school in Birmingham and vocational school in Childersburg for two years; and

**WHEREAS**, Walt worked at a TV shop in Alabaster while attending school and after completing school; and

**WHEREAS**, Walt opened Czeskleba TV Service in Montevallo on February 22, 1972; and

**WHEREAS**, the business was first located in a small storefront on North Boundary Street and soon moved to a storefront on Middle Street; and

**WHEREAS**, Walt moved Czeskleba TV Service to its present location on Main Street in 1975;

**NOW, THEREFORE**, I, Rusty Nix, Mayor of the City of Montevallo,

do hereby proclaim February 22<sup>nd</sup> Walt Czeskleba Day in the City of Montevallo, Alabama, in recognition of Czeskleba TV Service's 50 years of business in our fair City.

In witness whereof, I have hereunto set my hand and caused this seal to be affixed.

Mayor Rusty Nix

## ARBOR DAY PROCLAMATION

**Whereas,** In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

**Whereas,** the holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

**Whereas,** Arbor Day is now observed throughout the nation and the world, and

**Whereas,** trees can reduce the erosion of our precious topsoil by wind and water, lower our heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife, and

**Whereas,** trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and

**Whereas,** trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

**Whereas,** trees, wherever they are planted, are a source of joy and spiritual renewal,

**NOW, THEREFORE,** I, Rusty Nix, Mayor of the City of Montevallo, Alabama, do hereby proclaim Saturday, February 26, 2022 as ARBOR DAY in the City of Montevallo, and urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

**Further,** I urge all citizens to plant and care for trees and promote the well-being of this for future generations.

Proclaimed this 14th Day of February, 2022.

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I am thrilled to congratulate Montevallo on being named a 2021 Tree City USA. With this accomplishment, your community joins more than 3,600 others across the country in demonstrating an exceptional commitment to urban forestry.

Founded in 1976, Tree City USA is one of the Arbor Day Foundation's earliest programs. We partner with the U.S. Forest Service and the National Association of State Foresters to encourage tree planting in cities nationwide.

While trees have always been important, over the last several years, our need for them has become increasingly clear. Cities across the globe are facing lower air quality, limited water resources, decreased personal health and well-being, and greater energy use. Montevallo is now part of the solution, helping create a greener future for generations to come.

I hope you are as excited as we are to share this accomplishment with your residents and local media. Enclosed in this packet is a press release for you to distribute at your convenience.

We suggest announcing your recognition during your community's upcoming Arbor Day ceremony. This year marks the 150th anniversary of Arbor Day, making it an especially significant occasion.

Thank you for helping us plant, nurture and celebrate trees. We hope to continue presenting this award to you for many years to come.

Best Regards,

Dan Lambe  
President

FOR IMMEDIATE RELEASE:

**Arbor Day Foundation Recognizes Montevallo as a Tree City USA®**  
*Montevallo earns the Tree City USA recognition for their commitment to urban forestry*

LINCOLN, Nebraska (1/12/2022 10:16:06 AM) – Montevallo was named a 2021 Tree City USA by the Arbor Day Foundation to honor its commitment to effective urban forest management.

Montevallo achieved Tree City USA recognition by meeting the program's four requirements: forming a tree board or department, creating a tree-care ordinance, having an annual community forestry budget of at least \$2 per capita, and an Arbor Day observance and proclamation. The Tree City USA program is sponsored by the Arbor Day Foundation, in partnership with the U.S. Forest Service and the National Association of State Foresters.

"Tree City USA communities benefit from the positive effects that an urban tree canopy has year after year," said Dan Lambe, president of the Arbor Day Foundation. "The trees being planted and cared for by Montevallo ensure that generations to come will enjoy a better quality of life. Additionally, participation in this program helps cultivate a sense of stewardship and pride for the trees the community plants and cares for."

Planting trees in an urban space comes with a myriad of benefits past the recognition of this program. Urban tree plantings help reduce energy consumption by up to 25%, which will reduce general energy costs and help with the overall cooling of the city as well. In addition, members of the community benefit from properly placed trees as they increase property values from 7–20%. Trees also positively affect the local ecosystem by helping to clean water and create animal habitats to encourage biodiversity.

In 2022 the Arbor Day Foundation will celebrate its 50th anniversary of inspiring people to plant, nurture, and celebrate trees. In this same year, the national holiday of Arbor Day will celebrate 150 years of planting trees. These anniversaries will celebrate all the trees that have been planted and preserved for generations to come. The Arbor Foundation will use this celebration to look forward and think about how we will continue to plant trees for several more generations.

More information on the program is available at [arborday.org/TreeCityUSA](https://arborday.org/TreeCityUSA).

**About the Arbor Day Foundation**

Founded in 1972, the Arbor Day Foundation has grown to become the largest nonprofit membership organization dedicated to planting trees, with more than one million members, supporters, and valued partners. Since 1972, more than 400 million Arbor Day Foundation trees have been planted in neighborhoods, communities, cities and forests throughout the world. Our vision is to help others understand and use trees as a solution to many of the global issues we face today, including air quality, water quality, climate change, deforestation, poverty and hunger.

As one of the world's largest operating conservation foundations, the Arbor Day Foundation, through its members, partners and programs, educates and engages stakeholders and communities across the globe to involve themselves in its mission of planting, nurturing and celebrating trees. More information is available at [arborday.org](https://arborday.org).

City Council Meeting  
February 14, 2022

Ms. Sarah Hogan, program director provided the following report:

- **SRO Appreciation Day:** Governor Kay Ivey declared tomorrow, February 15, as School Resource Officer Appreciation Day. In a national proclamation on NASRO's website, the organization cites SROs for bridging gaps between youth and law enforcement and embracing a triad concept of school policing, serving in informal counseling, education and law enforcement roles to support the students and communities they serve. It also describes SROs as "valuable and essential members of the education community" who "deserve unwavering respect and support from the public in the pursuit of keeping schools and students safe." I believe this appropriately describes our SROs. Officer Holloway and Wilhite do an outstanding job of building relationships with students and our community to not only ensure the safety of our campuses but to aid in helping our students build skills for a better future. I thank Chief Littleton for his support of this program. We have seen a tremendous response to having two SROs over the last two years and I hope we can sustain this initiative to give our students and community the best possible service and resources. I will be at the High School tomorrow, to provide students an opportunity to showcase what their SRO means to them during lunch, thank you to the continued support of Principal Bromley. Watch our social media to be a part of the fun. Please join me in thanking Officer Holloway & Wilhite for a job well done.
- **CADCA, National Leadership Forum:** I enjoyed attending CADCA's National Leadership Forum and receiving our Blue-Ribbon Coalition Recognition in National Harbor, Maryland week before last. Over 2100 prevention specialists and 400 youth from all over the country came together, all fully vaccinated and masked to learn best strategies and practices. Today, CADCA released a digital form of the conference to gain even more information from all sessions of the conference. I did want to share with you a few bits of information I gained:
  - According to the DEA: Prevention is Key! Drug lord distributors can be taken down, but as long as users still exist and money is on the table, someone else will always step up. We must stop use to stop the drug distribution; we must take the money off the table.
  - Every \$1 invested in prevention saves communities between \$2-\$20
  - DEA seized 20 million counterfeit pills in 2021, does not include other LEAs: often containing fentanyl and are more lethal than ever before.
  - We discussed the difference and risks associated with Delta 8 Cannabis vs. Delta 9 Cannabis. Delta 8 is being sold here in Montevallo legally and our youth are consuming it via vapes, candies, etc. The drug is allowed due to loopholes in the law

but should show up on a drug test as THC and is 50/75% as psychoactive as the illegal form.

- Alcohol deaths increased from 2% to 26% in 2020. 95,000 people die annually from effects of alcohol with 2/3 of the US population are alcohol drinkers
- Almost 6% of newly diagnosed cancer is attributed to alcohol.
- Alcohol Action Network: Just starting in Alabama and we have a meeting next week to discuss how we can better observe and collect compliance data.
- I did have an opportunity to ask Director of the National Institute of Health, division of Alcohol Abuse and Alcoholism, Dr. Koob, if he had any words of wisdom about Alabama's recently passed Alcohol Home Delivery Bill. He was amazed at the amount of alcohol allowed and that we should partner with researchers immediately, however, the data gathered will not be sufficient for years to come to change any outcomes.
- **Virtual Parent Training:** Impact along with other DFC organizations throughout the State have teamed up to host a virtual parent meeting at the alcohol home delivery bill with a presentation by Summer Childers from the Alabama ABC Board on Tuesday, February 22 from Noon- 1:00 pm. I have provided each of you with the flyer and placed some out front. The information can also be seen and shared via our social media. Please join us and share with your peers and colleagues.
- **DFC Grant Updates:** The coalition also continues to work on reviewing and adjusting our yearly action plan. We have received our Notice of Award for Year 3 with an approved budget as submitted. We had a great meeting last week with many new faces and we continue to reach out to as many citizens and partners as possible. We are updating our 12 sector representatives, as required by the grant and I ask that if you are interested in serving in the role designated for the State/Local Government and make a commitment to serve on the coalition, I invite you to do so. Please just let me know of your interest. Of course, I invite all of you to participate as often as your calendar permits.

Named Excellence in Business Promotion Winner 2021 by Main Street Alabama

Report to City Council

February 14, 2022

**Updates**

- Montevillo will host Main Street Alabama's Quarterly Training on Tuesday, March 8 at First Baptist Church. An additional workshop for Main Street Directors only will be held the day before at Parnell Library. This training, which focuses on small-scale manufacturing and how communities can support entrepreneurs who make a physical product, will bring up to 125 people from all over the state of Alabama. Representatives from all 29 Designated Main Street Communities will be present, as well as some who are located in one of the 43 Network Communities. This is an incredible chance for us to show off our community. Main Streeters love to shop, so our businesses will benefit from this as well. If you are interested in attending the training on March 8 from 10 AM to 4 PM, please let me know and I will send you more information. Registration will launch this week. p
- I'd also like to remind you that, as you make decisions about ARPA funding, Main Street would still like to be considered for a contribution. During the City Council meeting on July 12, 2021, then-Board President Julie Smitherman read a letter into the record during Citizen Participation that provided more details of our request.
  - At that time, we requested that the Mayor and Council earmark \$150,000 from ARPA funds for our non-profit organization to directly assist our downtown businesses through offering Façade Improvement Grants and similar initiatives that support our local business owners, increase property values and tourism in our downtown, increase sales tax revenue, boost our citizens' quality of life, and attract residents and visitors to Main Street. We would spend this money over a period of 3 years. As you know, Economic Development and Community Development is a recommended use for these funds.
  - Although we initially requested \$150,000, we understand that the City has many needs and we would be happy with a smaller amount. To support our highly successful Façade Improvement Grant program, we would like to request at least \$45,000, which would be spent over 3 years. We have already conducted 3 rounds of projects which have impacted a total of 19 buildings and resulted in \$99,334 in private investment downtown, and we spend an average of \$15,000 per year in grant funds. Thank you for your consideration.
