We invite you to explore

Montevallo's Pendleton Hydrant Parade! This self-guided walking tour will take you on a 2.6 mile adventure throughout our Main Street District.

This trail of painted fire hydrants was originally created in honor of Dudley Pendleton and his faithful canine sidekick Pedro. Mr. Pendleton served 50+ years with Montevallo Fire and Rescue Service and 20+ years with the Montevallo Water and Sewer Board.

It was updated and rededicated in 2021 in memory of Dudley and Pedro through a partnership between Montevallo Main Street, Montevallo Water and Sewer, the Pendleton Family, the City of Montevallo, Montevallo Fire and Rescue, and the Montevallo Arts Collaborative. Local artists volunteered to paint 29 hydrants with a variety of themes that represent what we love about our local community.
