He reminded everyone of the recycling related deliberative forum at American Village Thursday from 6-8 PM.
Council Member Peterson reminded everyone of the ValloCycle meeting on June 13th.

He then discussed the Chamber’s request to amend the MOU with the city. Mayor Cost introduced her new Administrative Assistant – Maggie Benson. The Mayor then reviewed the remaining agenda items with the Council.

The City Clerk explained the request to hire the RPC to update our Comprehensive Plan. He noted that the County said they are willing to help us again this time, but that they were clearly overwhelmed and not able to get to it anytime soon. As such, even though there is a cost involved, he recommended using the RPC.

Council Member Nix suggested that we should stick with the County.

C. In the event of the termination of this Agreement and in the event the City is required to initiate litigation to enforce any of its rights under and by virtue of this Agreement, the Contractor hereby agrees that if the City prevails it will reimburse the City for all costs, fees and expenses including reasonable attorney’s fees incurred by the City in any such undertaking.

Mayor Cost said we are asking for the Council’s approval to rebid these services as previously described.

Council Member Nix asked if it is possible to take these services back in-house. Mr. Hamby said it is not, noting, among other things, it would require us to purchase three new garbage trucks and add additional staff.

Council Member Bunt asked if this proposal would limit us to using the MRF in Montgomery. The City Clerk explained that it asks for that MRF, or one with capabilities similar to that one, be used.
Council Member Peterson made a motion to approve the RFP. Council Member Bunt seconded. ALL AYES . . . MOTION APPROVED.

Authorize Mayor to submit a National Day of Service Grant Application in order to create a Dog Park at Shoal Creek Park to honor and possibly memorialize all service dogs used by first responders and military personnel. No match required.

According to Mayor Cost:

We’ve had an overwhelming number of requests from the community to build a dog park in Shoal Creek Park. In fact, if I recall correctly, the first request was from Gary Muehlbauer. In response, 2 university classes have done research on the possibility of building one. They’ve gathered budget information, looked at a variety of locations and have visited other dog parks for ideas. I’ve visited three of them myself . . .

I’ve identified a 9/11 day of service grant we can submit to fund the park in its entirety that does not require a match. My proposal would be to build the park in honor of service dogs in the military and for first responders. The “service” element of it would be volunteers who would assist with site preparation and ongoing maintenance.

The ideal site would be the southernmost end of the park near Cobblestone Apts, with the idea being we could put in an additional access road and small parking lot. This would keep the dogs relatively isolated from all of the other activities in the park but would allow access to the trails if visitors wanted to walk their dogs on leashes or for bike riders coming in that direction. We could and should also include temporary restrooms at that locations. Red Mountain Park uses that model.

I want to emphasize that the dog park would remain natural-no artificial turf or “play elements”. Dogs don’t really care about that stuff. We would fence in 3 areas:

- 1 ¾ acres for large dogs
- ¾ acres for small dogs
- 1/3 acres for older or injured dogs
- Include benches inside the fence around the perimeter for owners and to use as donor naming opportunities
- Must have a water source in each park
- Will have adequate signage as you will see on the attached video.

Goal: Develop a Dog Park at Shoal Creek Park to honor and possibly memorialize all service dogs used by first responders and military personnel.

Elements:
- Volunteers would initially be used to clear the land in preparation for the fencing, install benches, fencing and signage where appropriate. Then provide ongoing support as needed.
- Get Veteran's Cemetery, fire and police depts. involved.
- Funds would be used to purchase all materials needed for park (water line, fencing, signage, benches) as well as parking lot and access road.
- Include some plaque or memorial that lists names of dogs who passed away in the line of service.

Council Member Nix recommended that the grant be worded in such a way that the park could be built at Orr Park, should the Council desire.

Mayor Cost said her feeling was Shoal Creek Park made the most sense given the nature of the grant because of its close proximity to the Alabama National Cemetery and the American Village.

Council Member Nix suggested that leaving the location open-ended would give the Park Board time to offer their opinion on this matter.

Mayor Cost said this could be a problem with the grant request since she planned to ask for funding for a parking lot and access drive.

Council Member Nix said there are already parking spots at Orr Park.

The Mayor said she would see if the grant could be written with options on the possible location. Given that, Council Member Nix made a motion to authorize the Mayor to submit the grant request. Council Member Peterson seconded. ALL AYES . . . MOTION APPROVED.

City of Montevallo, MAYOR Hollie C. Cost
Citizen Participation:

Bobby Pierson asked if the discussions regarding recycling meant there was a possibility our garbage rates could increase. The Mayor said yes.
Andrea Eckleman asked if we are going to install water fountains at the park. The Mayor said we have ordered several fountains and would follow-up with Mr. Baugh on the status of that.

Steve Gilbert expressed his support for recycling in Montevallo. He also reminded everyone that the Farmer’s Market starts next month.

Kirk Lightfoot informed the Council he received word that it is permitted to use military seals without formal approval.

Council Member Nix expressed his concern that three employees of the University of Montevallo voted to appoint a new member to the Council who also has financial ties to UM.

Mayor Cost stated that Mr. Herbert is not a UM employee, although his wife does work there. She said she was offended by the inference that just because someone is an employee of the University that their service to our community is any less valuable than that of others. No one serving on this council does so for some inappropriate reason.

There being no further business before the Council, Council Member Nix made a motion to adjourn. Council Member Peterson seconded. ALL AYES . . . MEETING ADJOURNED at 6:50 p.m.
