Subject: Privet Pull

The Shoal Creek Park Foundation board would like to spearhead a clean up day at Shoal Creek park on Feb 28th, 2026. We would like to focus on removing invasive species such as privet but also include any other clean up needs.

We would ideally like this to be a community project and are hoping that we can get various groups involved and generate support for the volunteers from local businesses.

To get started I will need the following:

1. Help getting this on the city calendar
2. Assistance in coordinating with the Park board. I am not sure how active they are at the moment but we could really use their help
3. Meeting with Kirk regarding how much help we can get from the city workers and what equipment might be available
4. Meeting with Wayne Watley, Kirk and our trail committee regarding setting priorities for areas in the park to focus on.
5. And anything else you can think of!

I appreciate your support of the park! Our next meeting is in 2 weeks so if you can get me more information by then, we would appreciate it.
